

Filtration, Process and Separation Technology

Zemarc offers a complete line of leading-edge technology products for filtration and process: capsules, membranes, pleated, large diameter, depth, bags and strainers, sorbent and metallic elements, single and multi cartridge vessels ASME, non ASME and sanitary, desiccant and refrigerated dryers, high purity Nitrogen generators, oil-water separators and mist eliminators.

Industries served:

- **Food and Dairy** — Cheese, Health Food
- **Water** — RO, wastewater treatment, potable water, Water Recycling, Brackish water
- **Wineries** — Breweries, Distilleries
- **Petrochemicals** — Upstream, midstream, downstream
- **Computer Chip, semiconductor, magnetic media manufacturing**
- **Oil and Gas Production, Transmission, Storage and Dispensing**
- **Fruit juices, beverages, soft drink, freshness preservation, snacks**
- **Specialty chemicals; composite materials**
- **Alternate Energy** — Windmills, solar energy, alternate fuels LNG, CNG and LPG
- **Power Generation** — Fossil fuels, gas turbines, Nuclear
- **Ink, Paint, and Coating**
- **Marine** — Barges, dry docks
- **Military** — Army, Navy, Air Force and Coast Guard
- **Pharmaceutical and Life Science**

PARKER

CAT PUMPS — For reverse osmosis, water treatment, desalination, spraying, misting and temperature control. Vinegar, DI water, environmental control, artificial fog.

SNAP-TITE — Quick disconnects for no-spill applications; check valves; Teflon fittings; toxic chemical handling.

WILDEN — Air-operated double diaphragm pumps.

BARKSDALE — Pressure, temperature, flow and level switches.

DOMNICK HUNTER — Nitrogen generators, hydrocarbon monitoring.

TITAN INDUSTRIES — Food and Chemical handling hose, fire suppression.

STAUFF — High clean clamps for super-clean SS piping, SS ball valves.

FINITE — Coalescing filters for air and process gas.

LINCOLN — Grease or oil lubrication and material dispensing.

Complete source of filtration, process and separation products and systems

- Wide range of filtration products
- Full range of Nitrogen Generators
- Complete offering of pumps, ball valves and air control for process industry
- Global presence
- Network of five key locations throughout California
- Offices located to meet the market needs
- Technical and sales support at all locations
- Expertise for global shipments
- Inventory available to meet urgent requirements

Authorized distributors of world class products

- Choice of many manufacturers to represent their products throughout the world
- Preferred partners for original equipment, systems designers and consultants
- Professionally trained and multilingual staff to service your needs

Complete source of high purity Nitrogen

- Cost effective, reliable and safe solutions for small, medium and large nitrogen requirements with continuous purity monitoring

Dryers and oil-water separators

- Complete range of refrigerated and desiccant dryers, oil-water separators and mist eliminators

Lubrication Systems

- Centralized automatic lubrication systems
- Full range of lubrication, clamping and lifting products
- Material dispensing components
